Introduction to Montana's Fishing Access Sites

This guide describes 331 Fishing Access Sites (FASs) located on Montana's streams, rivers, and lakes that vary in size from less than one acre to several hundred acres. New sites, added to the FAS program each year, will be posted on the FWP Web site as they are opened for use. Montana's FAS Program provides public access to high quality waters for angling, boating, rafting, and other recreation opportunities. In addition, FASs are often popular areas for hunting, wildlife viewing, hiking, bird watching, picnicking, etc. The funding to purchase, develop, and maintain these important sites comes from the sale of sportsman's licenses, state motorboat registration fees, and federal Sport Fish Restoration fees, and a portion of the Light Vehicle Registration fee.

FEES

There are no day use fees for Montana's FAS program; however, where overnight camping is allowed, a camping fee is charged at some sites (see p 61). The revenue from the camping fees is used to offset the additional expenses involved in operating and maintaining these higher use sites.

COMMERCIAL USE

A permit is required to conduct commercial activities at fishing access sites. Please contact the Regional FWP administrative office or the FWP website for more information.

CAMPING

Many of the FASs are managed as day use only, but camping is allowed at 103 locations. Please refer to the specific site information in this brochure and also reference the table in the back of the brochure for a list of the sites where camping is permitted. An overnight camping fee is charged at many of the sites.

- FASs are primitive or semi-primitive sites. They do not have electricity, running water, or dump stations. Not all sites are designed for access by larger recreational vehicles. It may be necessary to physically inspect the facility before pulling in if the parking area is not visible from the access road.
- Additional camping opportunities with higher levels of development are available at Montana's state parks and at other locations throughout the state. Please refer to the State Parks brochure for a list of state parks with campgrounds.

WEAPONS/FIREARMS RESTRICTIONS

The discharge of paintball guns, trap and target shooting, plinking, and similar activities are not allowed at any time within an FAS.

The use of firearms/weapons at an FAS for the purpose of hunting is established on a site-by-site basis. Where hunting is allowed, weapons restrictions may apply. Some sites are closed to hunting for safety concerns. Where hunting is permitted, the general hunting regulations apply for the district in which the FAS is located. Please check the site specific information in the guide for details. The following designations apply:

- Firearms prohibited - no hunting and/or discharge of firearms/weapons allowed at any time.
- Weapons restrictions - open to discharge of weapons including archery, shotgun, muzzleloaders and traditional handguns during designated hunting seasons only. Discharge of any other weapons, including rifles, is prohibited at all times.
- Open to hunting during established seasons with no weapons restrictions.
- Additional firearms/weapons restrictions may be provided in the individual FAS description. If no information is provided, please contact the Regional FWP office. Refer to page 5 for Regional contact information.

THE MONTANA STREAM ACCESS LAW

- The law states that, when legal access is gained to a stream or river, recreationists may legally go up and down the stream from that point as long as they stay within the normal high water mark. The law does not apply to recreational use of lakes. Consequently, the river/streambed above and below the boundaries of the Fishing Access Sites listed in this brochure is available for recreational use providing there is room to walk/wade below the normal high water mark of the stream.
- Anglers and other recreationists cannot, however, take short cuts across private property or walk above the high water mark when following the stream/river or entering or exiting the stream/river without prior landowner permission. Following these simple rules of etiquette is critical to maintaining good sportsman/landowner relationships.
- For more detailed information on the Stream Access Law please refer to the Stream Access brochure available at Montana FWP offices.

HOW TO USE THE FIELD GUIDE TO FISHING ACCESS SITES

This booklet provides a guide to the fishing access sites in Montana as of **July 1, 2010**. It is organized by fishing districts to correspond with Montana's Fishing Regulations. The major fish species for a water body are listed following the water body name. Within each fishing district, sites are listed by the water body map on which they are displayed. For each map, water bodies are listed alphabetically. The sites for a water body are listed by river mile beginning at the headwaters (*Mile 0 is measured at the mouth and miles increase toward the headwaters and side-of-river is given as you are facing downstream*) or alphabetically for sites on lakes, reservoirs or ponds. The water body names and the most common fish species for that water body are printed in color. The FWP Administrative Region in which a site occurs is listed in parentheses following the directions to the site. FWP Regions are displayed on the map on page 3 along with a list of contact numbers.

All Fishing Access Sites are listed alphabetically in the Index (pages 63-64).

Montana Fish, Wildlife & Parks encourages responsible outdoor recreation through the national Leave No Trace Outdoor Ethics program. You can help preserve Montana's recreational heritage and minimize social and resource impacts occurring on our public lands by practicing the 7 principles of Leave No Trace.

MT Fish, Wildlife & Parks Encourages You to Use Leave No Trace Principles

- *Plan ahead & prepare.
- *Travel & camp on durable surfaces.
- *Be considerate of other visitors.
- *Minimize campfire impacts.
- *Dispose of waste properly.
- *Leave what you find.
- *Respect wildlife.

Rules and Regulations for the Use of Montana Recreation Sites

1. Discharge of firearms, air or gas weapons, fireworks or arrows is prohibited except for lawful hunting. Additional hunting restrictions may apply. Discharge of paint guns is prohibited at all times.
2. Pets must be under control and on a leash at all times.
3. Motorized vehicle use restricted to authorized roads.
4. All vehicles must obey posted speed limits and other traffic regulations.

8. Shelter buildings and picnic shelters for day use only – no camping allowed in them.
9. Fires may be built only in established, manufactured fireplaces, grills or fire rings.
10. Fires must be attended at all times and completely extinguished when users leave an area.
11. Cutting or damaging trees and shrubs is prohibited. Damage, removal, or defacing any property is prohibited.
12. Removal or disturbance of topsoil, including holes dug by pets, is prohibited. Use of metal detectors is prohibited.
13. Disorderly conduct, such as, but not limited to, quarrelling, fighting; using threatening, profane or abusive language; drunkenness, blocking vehicular or pedestrian travel, public urination; operation of a motor vehicle in a manner as to create a nuisance or any annoyance or danger to others; noisy behavior; is prohibited. In addition to other penalties, the offender(s) may be expelled from the area.
14. Groups of more than thirty (30) persons must obtain a permit from the department to use or camp in a state recreation area or access site.
15. Checkout time for posted fee camping areas is 2:00 pm. Day-use recreation areas are open from sunrise to sundown, unless otherwise posted.
16. No one may camp at or enter a state park or fishing access site at which use fees are collected without first paying the appropriate use fee.
17. Lands and waters shall not be polluted or littered in any manner.
18. Glass bottles or containers are prohibited on all swimming beaches in the Blackfoot River Corridor.
19. No commercial or political signs shall be posted.
20. Boats may be launched only at established launching areas, where provided.
21. Swim in designated swimming areas if provided. Do not disturb buoys.
22. Power boats may not approach closer than 50 feet to any swimmer or fisherman, except in an emergency or life-saving situation or when aiding water skiers.
23. Power boaters may not tow water skiers closer than 50 feet from any swimmer or fisherman.
24. Unless posted to allow mooring, boats and other watercraft may use public boat docks for loading and unloading only. Boats may not be left unattended at public docks.

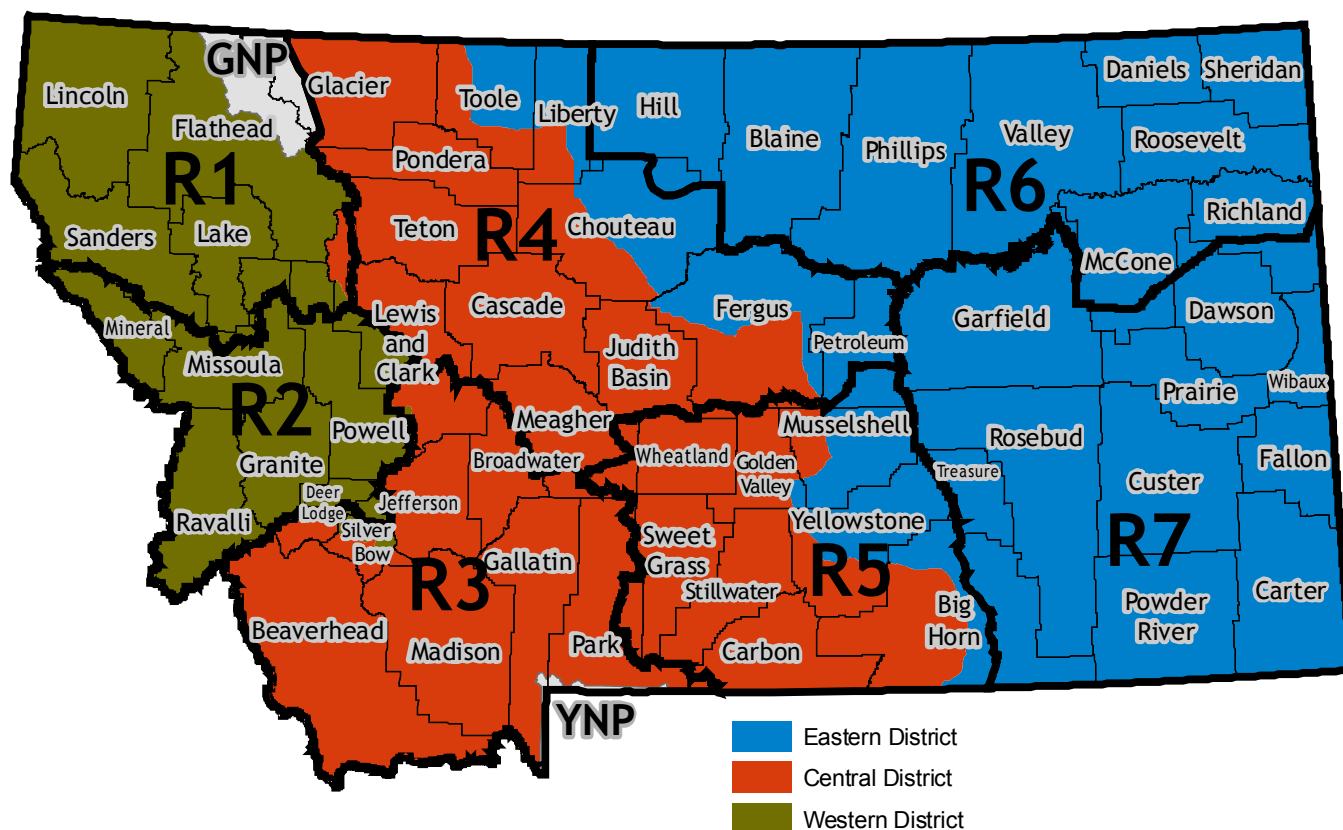

To report vandalism
anywhere in the state
call 1-800-TIP-MONT,
1-800-847-6668.

The above is a synopsis of the regulations and may not be applicable to every site. For a copy of the complete regulations, contact the nearest Montana Fish, Wildlife & Parks office.

In order to insure areas are safe and to provide an enjoyable experience, the above listed rules and regulations must be observed and will be enforced.

Thank you for your cooperation.
